REVITAL SOLAR SET

**REVITAL ENERGY**

## RooftopSolar Plant, Netherlands

In the Netherlands, a farmhouse owner has invested in a rooftop solar plant that covers an area of 2,800m<sup>2</sup>

## **200KW, Barendrecht, Netherlands,**

On the rooftop of an outdoor shop in Barendrecht, a 200KW solar photovoltaic plant has been commissioned by RETURNONENERGY to power the facility. Three inverters were deployed for this PV system.

## **1.5MW, Liander Parking Lot Solar Plant**

In Doetinchem, Netherlands, at the parking lot of Liander's new headquarters, there is this 1.5MW rooftop solar plant. Back in 2016, this project was the largest parking lot solar system ever installed in the Netherlands. Growatt was chosen for this project and supplied 70 inverters, our first-generation three-phase star products.

## 420KW, Veteran Hospital, Croatia

A set of inverters were deployed in this gorgeous 420kW rooftop solar plant at a Veteran Hospital in Croatia.
